REFLECTIONS DURING a political fortnight: Apparently without the prior knowledge of either, Ralph Yarborough and the national Democratic party used the same tune for campaign purposes. When the Democrats came out with a campaign song using the tune of "The Yellow Rose of Texas," it seemed to be a bid for support from both Texas and the South. As you know, "The Yellow Rose of Texas" was a Southern marching song during the Civil War.

If you wanted to pick a slate in the three runoff races for governor, attorney general and representative from the 94th Flotoral district, it seems to me that the split would have been Yarborough, Tom Moore and Ted Springer. At least it seems to me they would all tend to be pro-organized-labor. The other slate would be Sen. Price Daniel, Will Wilson and Porter Oakes.

Randall County picked Daniel and Wilson, but rejected Oakes. The moral I see is that on localized races, such as the legislative districts, the man who shakes the most bushes and overturns the most rocks is going to win out.

The same probably won't hold true in a purely local race, such as for a county commissioner. In such a race, the handshaking takes a back seat to already-established friendships.

The total vote for the county in the runoff Saturday was slightly under the vote in July—some 284 votes. Here in Canyon, the vote was almost the same—in fact it was exactly the same in Precinct 13, where 452 votes were cast. In Precinct 1, the Saturday vote was 38 votes under the July total, but absentee voting was up 39 votes and the county clerk deputies said it seemed as if most of the college faculty voted absentee.

At any rate, either the citizens in Precincts 1 and 13 are politically conscious and have a great desire to register their views, or the commissioner's race was the great attraction.

I don't always understand the logic used by politicians in heated races. In fact, I'd say I seldom understand the politicians or their actions.

Like in the governor's race runoff. I saw newspaper advertisements advising those citizens of the state who don't want a Republican for governor to vote for Yarborough. The advertisements cited various statistics proving that Daniel is a Republican.

On the other hand, I saw newspaper advertisements advising the citizens of the state to vote for Yarborough so that a Republican would not be elected to the U. S. Senate. The ads pointed out that if Daniel were elected governor and resigned his post in the Senate, the sudden-death special election might give the seat to a Republican. Apparently the logic is this: Daniel is a Republican when compared with the Democrats in Texas, but is a Democrat when compared with the Republicans in Washington.

The statewide races were run in a different manner this summer than in the past recent years. Two years ago the daily newspapers of Texas got the bulk of the political advertising dollar. This year the candidates put weekly newspapers on the preferred list.

The candidates used more statewide television hookups in 1954 than they did this year. Many of the speeches on television were local affairs, using film and occasional in-person programs. What's more, both sides in the governor's race apparently felt a money squeeze that wasn't present a couple of years ago. At least that's the information put out by the Texas Press Association.

Congressman Martin Dies, who won out over Bill Elkins in the primary for the Congressman at Large post in Texas, announced some time back that he would run for the Senate in case Daniel won the gubernatorial nomination and resigned from the Senate.

Apparently Dies figured that if the gimmick worked for Daniel it should work for him. As you know, Daniel did not resign from the Senate before running for governor—which means that he couldn't possibly lose. If he won the governor's race he would have the new job and if he lost, he'd still have the old. That's quite comparable to betting a cinch.

Dies, using the same tactics, couldn't lose either. He'd either win a new job or keep his old. I've always understood that it is not gentlemanly to bet a cinch, but maybe politicians aren't gentlemen anyway.

In both national conventions, the Southern delegates termed the civil rights planks as planks they "could live with." Both planks recognized the Supreme Court decision on desegregation as being right and called for it to be carried out, although both planks used more polite and diplomatic language than I did.

However, I wonder how the people at home feel about those planks, especially those people at home in the Deep South. Are those planks something they can "live with?" From the things I've been able to read about the segregation issue in some states, the ordinary citizen isn't too happy about "living with" any change in the status quo.

I feel like the delegates from each of the states seldom represent the actual citizenship. The delegation to a national convention is often hand picked by the strongest political power at the time of the state convention. Take, for instance, the picking of the Texas delegation to the Democratic Convention. It was a compromise of people organized labor wanted, those Lyndon Johnson and Sam Rayburn wanted and a few conservatives thrown in for good measure.

Whatever action the delegation might have taken could easily have been repudiated by the voters of Texas. But the delegation took little action, it seems, except some passive action—if there is such a thing.

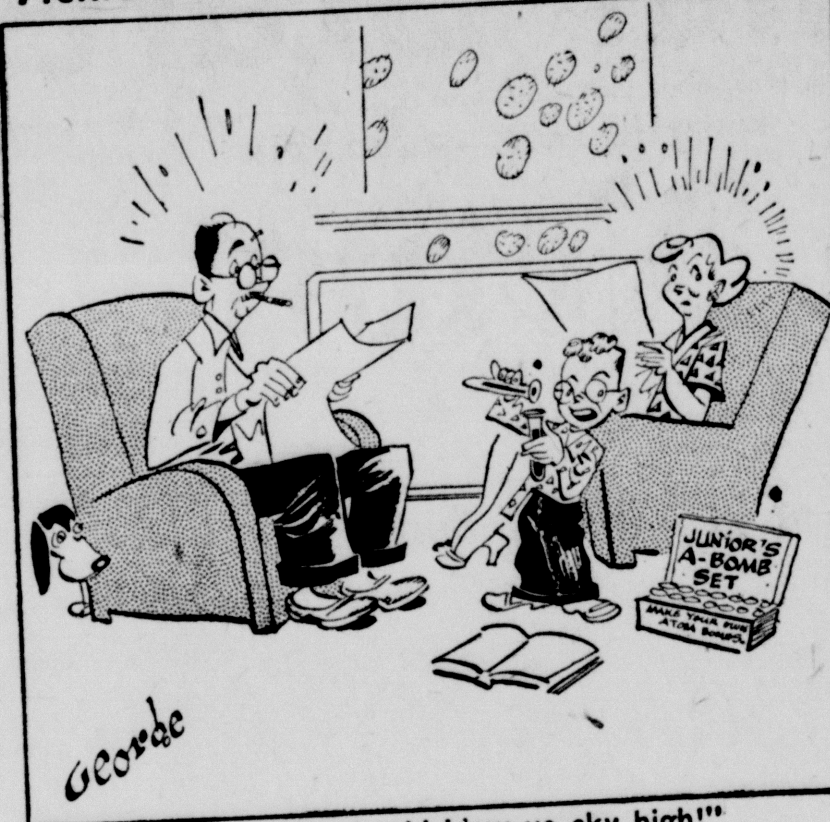

In case you wonder what Joe Martin said when he adjourned the Republican Convention, I looked it up. He said the convention was adjourned "since die," and that means it is adjourned without setting another meeting date. It's right there in the dictionary.

This weekend is the one for Canyon citizens to show support for the city, the chamber of commerce and the activities of both. There'll be enough Indians here to make things lively like the old days, although not in quite the same manner. The Palo Duro Indian Ceremonial will be well-worth the price of admission, even if you missed the cut rates on ticket sales.

The concession stands at the Ceremonial will be operated by the 4-H Club boys and girls of the county, with most of the profit going to the 4-H work. The Panhandle-Plains Historical Museum will have an exhibit of authentic Indian art and craftwork. The Indians themselves will be camped north of Conner Hall at the college. It's going to be a big weekend. I'll see you at Buffalo

Delegates Return Home
Weary Texas delegates to the Democratic National Convention have returned home to face still bigger tasks.

Their goals: (1) to win undisputed party control at the Sept. 11 state convention and (2) to swing Texas back to the Democratic column in November. In both efforts they will have the guidance of two of the party's most influential leaders—U. S. Sen. Lyndon Johnson and House Speaker Sam Rayburn.

Hopes are based on the mild civil rights platform plank adopted at the Chicago convention. Both Johnson and Rayburn are credited with significant roles in gaining this "moderate" victory.

Many of the Texas delegates say they will have a hard time selling the Stevenson-Kefauver ticket in this state. There is considerable muttering about the prospects of victory in November. And Former President Harry Truman's cracks at Stevenson didn't help a bit.

Drought Aid Program Launched
Federal and state machinery are grinding out a three-phase drought aid program for Texas farmers and ranchers.

Action came as mounting disaster conditions caused federal offi-

cials to release "one of the bleakest crop and cattle situation reports in 22 years."

Present plans would provide (1) certificates good for \$1.50 per hundredweight toward feed grain purchases, (2) certificates for \$7.50 per ton to buy roughage and (3) Farmers Home Administration loans to refinance debts on family-size farms.

Initial details were worked out at an Austin conference of U. S. Dept. of Agriculture officials, Gov. Allan Shivers, Agriculture Comm. John White and the Texas Emergency Drought Committee.

USDA is providing \$1 million to finance the roughage program. Gov. Shivers has allocated \$100,000 from his emergency funds for administrative operations.

Texas reaction to the federal offers ranged from "fairly satisfactory" from Governor Shivers to "too little and too late" from some South Texas farmers.

USDA's weekly report on Texas agricultural conditions termed the drought "one of the most severe on record." It reported pasture conditions "lowest since 1934" and feed crops "very short" over most of the state.

Reservoirs Drop
Water in Texas' major reservoirs was down 20 per cent during July, from 1955. Average storage was 51 per cent of capacity.

As evidence of "critical conditions" the State Board of Water Engineers' monthly report cited these further statistics: (1) July rainfall was less than half of normal. (2) Observation wells continued a decline to all-time lows in five areas of South Central and West Texas. (3) Dwindling streamflows and decreasing storage resulted in water rationing in many cities in all areas.

More Safety Aids Asked
Next year's Legislature may be asked to double the present 470-man state highway patrol.

Such an increase was urged by Homer Garrison Jr., director of the Department of Public Safety, in a talk before the Texas Safety Association Women's Conference.

Cost of safety precautions is cheap compared to accident costs, said Garrison. Property loss alone has exceeded \$1.5 billion in the past 20 years.

A legislative program being pushed by the Association includes: (1) more patrolmen, (2) county-wide traffic courts, (3) state-financed driver education, (4) prohibiting sale of fireworks, (5) chemical tests for drunken drivers and (6) laws to punish juvenile traffic offenders.

Bigger Highway Program Started
Expanded highway building under the new federal program is off to a fast start in Texas.

In the first tabulation since U. S. aid bill passage, the State Highway Commission received low bids totaling a whopping \$18,494,446.

Of this, some \$5,847,678 was represented by six bids for improvement of federal interstate routes.

Short Snorts
Contracts awarded in Texas during July soared to \$86,021,020, highest point since July, 1952. A "School Problems Forum" has been scheduled by the Texas Association of School Boards for Oct. 14-15 in Austin. Board members have been invited to bring questions for group discussion and consideration by a panel of top educators.

Texas' oil allowable for September was set by the Railroad Commission at 73,505 barrels a day less than August. Permissive production will be 3,297,954 barrels a day on a 15-day producing pattern.

Taxes on whiskey brought into Texas from Mexico totaled almost \$1 million last year. Last week's audit of the Texas Liquor Control Board showed 1955 collections at \$905,801, compared to only \$379,534 in 1954.

A portable classroom bleacher has been developed by University of Texas engineers. It is designed to give from 15 to 25 students a close-up view of teacher demonstrations.

Streamlining of State Library services might save Texas taxpayers a substantial sum of money, reports the Texas Research League. An extensive survey was made by the league, at the request of the Library Commission.

Gas companies continue to hammer at the state for recovery of millions paid under the old natural gas gathering tax law. Latest to win a judgment was the El Paso Natural Gas Co., victor in an Austin district court case. It was one of several companies which paid the tax without formal protest.

MRS. BILLY RAY CLEMENTS

Janice Waldrop, Billy Ray Clements Wed in Double-Ring Ceremony

On Sunday afternoon, August 19, at 3 o'clock in the First Baptist Church, Janice Joy Waldrop, daughter of Mr. and Mrs. R. W. Waldrop of Canyon, became the bride of Billy Ray Clements, son of Mr. and Mrs. R. O. Clements, 1028 South Dwight St., Pampa. The Rev. Strauss Atkinson, pastor, read the double-ring ceremony before the white satin draped altar holding a sunburst arrangement of white gladioli and flanked with floor standards of white gladioli and seven bract candelabra.

Fanita Marshall, organist, played as a prelude to the ceremony, "As the Night (Bohn), The Swan (Saint Saens), Roses, (Ritten), Because (d'Hardelot), I Love Thee (Grieg), Bells Through The Trees (Edmunson) and With Love In My Heart (Chopin). Mrs. Frank Turpin of Pampa at the piano and Miss Marshall at the organ played "I Walk Beside You (Murray) as the mothers were seated. Mrs. Charles Pierce, soloist, sang "Walk Hand in Hand (Cowell), O Promise Me (de Koven) and The Lord's Prayer as the benediction.

Joyce Ballard of White Deer, cousin of the bride, was the bridesmaid. She wore an orchid taffeta dress with net overskirt styled with a round neckline and v shaped bodice.

Mrs. Don Schmidt of Amarillo, sister of the bride and matron of honor, wore a deeper shade of orchid taffeta identical to the bridesmaid's dress. Both wore tiny white clip hats fashioned with a semi-veil and carried white colonial nosegays of white pom pom mums centered with white gladioli.

Flower girl Linda Gayle Waldrop of Olton, niece of the bride, wore an orchid taffeta dress identical to the bridesmaid with a white half hat with semi veil. Her corsage was a carnation wristlet and she carried a white lace basket of flower petals.

Robert Clements of Pampa, brother of the bridegroom, was best man. Groomsman was Hubert Waldrop of Olton, brother of the bride. Ushers were Bailey Clements of Pampa, brother of the bridegroom, Ed Wells of Canyon, Keith Waldrop of Canyon and Hubert Waldrop, brothers of the bride.

The bride, given in marriage by

her father, wore a white satin gown with a lace bodice styled with a round neckline outlined in seed pearl applique and fashioned with an overskirt of nylon net with a chapel length train. The bodice was fitted with a point in front and the long sleeves came to petal points over her hands. Her headress was a white satin clutch hat outlined in seed pearls with a fingertip veil of nylon tulle. She wore a necklace and ear clips of cultured pearls, a gift of the bridegroom. She carried a white satin covered Bible topped with two large Cattaleya orchids with white stephanotis and satin streamers tied in loveknots in cascade arrangement.

The bride's mother wore a dusty rose lace dress with blue accessories. The bridegroom's mother wore a blue lace dress with white accessories. Their corsages were of white gladioli and feathered white carnations.

Immediately following the ceremony a reception honoring the bridal couple was held in the church parlor. The bride's table was laid with a lace cloth over orchid centered with the attendants' bouquets and flanked with orchid candles in crystal candelabra. Janella Cunningham of Canyon served the four tiered cake; Mary Phillips of Olton presided at the punch bowl; and Mrs. Hubert Waldrop of Olton registered the guests. Others in the house party were Mrs. Wayne Wirt, Mrs. Arthur Cunningham, Mrs. Fred Welch of Hereford, Mrs. Roger Glandon and Sandra Curtiss of Amarillo.

For a wedding trip to points of interest in New Mexico, Mrs. Clements traveled in a mauve wool flannel suit with black and white accessories. Her corsage was the orchids taken from her bridal bouquet. After Sept. 1 the couple will be at home at 307 E. Brown in Pampa.

Mrs. Clements was graduated in May from West Texas State College with a Bachelor of Science Degree majoring in Home Economics. She is a member of Kappa Omicron Phi, Tau Beta Sigma, West Texas State College Band and B.S.U. Greater Council. She will teach in the Pampa schools this fall.

Jennings Honored At Church Picnic

In appreciation for the many years of devoted service to the church, the members of the Central Church of Christ gave the Herschel Jennings family a combination surprise-going away picnic. There were approximately 75 present.

The picnic was at the R. W. McNeil place, near Wayside, on the evening of August 23.

The congregation presented the Jennings family with gifts as expressions of their appreciation for their faithfulness and support in the local church work.

Herschel Jennings, who has served as an elder for several years, finished school at West Texas State College in 1927 and after graduation taught at West Texas until 1940 when he went into business locally.

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS
OF THE 18TH CONGRESSIONAL DISTRICT

Politics Are Funny

Whenever things seem to be running smoothly in a political party, you can usually look for a blowup of some kind. This seems to be what happened in the Republican Party when Harold Stassen decided he did not want Nixon for vice president.

His public announcement to that effect certainly threw things in an uproar on Capitol Hill among the Congressmen and Senators. The day that Stassen did this trick, he was probably called every name known in the English language and a great number in foreign tongues.

It was difficult to discuss anything with a Republican Congressman other than what a low-down heel Harold Stassen was. It was very obvious that many of these men had certainly not anticipated such a move and knew nothing of it beforehand.

However, some excellent political prognosticators in Washington believe that this entire episode was a preconceived and deliberately planned publicity scheme to help Nixon. The upper echelon, or heavy thinkers in the Republican Party, recalled that many people in this country did not look with great favor upon Vice President Nixon.

Some would be skeptical because of his extreme partisanship, others doubting him because of the unanswered questions concerning his political slush fund raised by California millionaires, others feeling that he was a front for the Old Guard Republicans who have caused Eisenhower much trouble, others thinking that he did not have mental presidential stature.

That because the President's health is in a state of touch and, these directors of the Republican Party were thought to feel that they either had to ditch

Nixon or build him up. They had difficulty in finding someone who would play the lead role in this Madison Avenue conceived publicity stunt.

However, Harold Stassen, realizing that he had little chance for the vice presidency or presidency, might have thought that, if he could be Secretary of State or Secretary of Defense, his political wounds would be well salved. So, he volunteered his services as the hatchet man in this drama.

The politicians figured that they did not stand to lose. In the first place, if the Stassen movement took hold and "Dump Nixon" recruits were large in number, a satisfactory replacement would be chosen. On the other hand, if the "Dump Nixon" movement did not take hold, it would provide an excellent publicity stage from which Nixon could repeat his "Checkers" performance of 1952.

In this latter case they figure that Nixon, with his present experience, can put on a tear jerking act that will surpass his previous performance and result in "poor Richard" playing the role of a martyr attacked by self-centered politicians, that he will be the proverbial American underdog, the modern day David, who will slay the political Goliath, alias Harold Stassen, and save the country.

As many people say, "politics are funny!"

Now For The Other Party

This letter is being written while things are popping politically at the Democratic Convention in Chicago. When the convention first opened, many things pointed to the possibility of a completely free convention in which neither of the two advertised candidates, Stevenson and Harriman, would be nominated.

This thought was bolstered by Truman's endorsement of Harriman. Many felt that this would stop the Stevenson bandwagon, create a deadlock and provide an opening for another and more acceptable candidate. It was thought that the southern states would remain out of the fracas until the time came for getting behind one of the "favorite sons."

However, some of the southern delegates had hitched onto Adlai's bandwagon and refused to turn loose. Some other folks from that section failed to come through with strong endorsements of particular "favorite sons."

This lack of enthusiasm didn't exactly add any fuel to the fire some of the "favorite sons" were trying to get started. In fact, it was like pouring a little cold water on some of the hopes. As these situations began to develop, it was obvious that the leaders in the Democratic Party had decided on Stevenson as the nominee and intended to meet and turn back any attempts to interfere with this decision.

The effectiveness of their plan was evidenced by the ineffectiveness of Truman's endorsement of Harriman. Few, if any, ever expected Harriman to get the nomination. He would not have been acceptable to the South with or without a satisfactory vice presidential candidate.

There were a number of Stevenson pledged delegates who would not have gone to Harriman under any circumstances. This meant that Harriman's greatest hope of accomplishment at the convention

Shower Fetes Elna Peterson

Elna Ruth Peterson of Dallas, bride-elect of William Augustus Miller Jr., was honored with a miscellaneous shower recently in the home of Mrs. Hosea Foster with Mrs. I. F. SoRelle Sr., Mrs. E. J. Cundiff, Mrs. Mitchell Jones, Mrs. Roy N. Byrd Sr., Mrs. Jozach Byrd, Mrs. Herschel Jennings, Mrs. W. M. Higdon, Mrs. A. K. Knott, Mrs. T. H. Knighton and Mrs. Frank Kimbrough as co-hostesses.

In the receiving line were Mrs. Foster, Miss Peterson, Mrs. W. E. Peterson of Dallas, the bride-elect's mother, and Mrs. W. A. Miller of Canyon, the bridegroom-elect's mother. Miss Peterson's corsage was of pink rosebuds and the mothers' corsages were of pale pink carnations.

The tea table, laid with a cut-work cloth, was centered with a basket of pink and white asters with wedding bells. The bride-elect's chosen colors of pink and white were carried out in the refreshments and decorations. Mrs. Walton Byrd, of New Orleans, La., sister of the bridegroom-elect, and Mrs. Neil Jennings presided at the crystal punch bowl. Mrs. Jim Knott and Elaine Cundiff registered the guests. They were assisted by Mrs. Irving SoRelle Jr.

Approximately 90 guests registered or sent gifts during the receiving hours.

was limited to blocking Stevenson's nomination.

This, no doubt, would have been accomplished had it not been for the fact that the present leaders in the Democratic Party were almost unanimous in their support for Stevenson.

When I went to Chicago it was my great hope that the nomination would not go to those who had been advertised, but would go to a man not burdened with political scars, a new face on the political horizon, who could and would receive the wholehearted and unconditional endorsement of every Democrat throughout this nation. I still believe that would have been the result if the stalemate between Harriman and Stevenson had developed, resulting in the freeing of the delegates and creating a free convention.

Loyalty

Since little Johnnie's personal horizon had been greatly extended by several months at kindergarten, his mother decided to inquire concerning his current loyalties.

"Dear," said she, "whom do you love the best?"

The youngster pondered the query soberly and then replied, "Well I love you best, Mommie, and Daddy next best, and my teacher the least. And in between come a lot of dogs."

Unsound Proof

They were entertaining friends in their new prefabricated home. Suddenly one of the guests sat up and listened.

"Surely you're not troubled by mice already?" she said.

"That's not mice," replied the householder. "That's the people next door eating celery."

JP's Lay It On Game Violators

AUSTIN—Texas Justices of the Peace continue to belabor persons caught telephoning fish, according to the monthly arrest report announced by E. M. Sprott, director of law enforcement for the Game and Fish Commission.

Six different \$200 fines were levied for using the old fashioned magneto-type electrical device to shock and subdue game fish. Costs on each of these cases averaged almost \$40.

The individual fine for three Fort Worth men arrested on telephoning counts was \$50, with costs added.

Justices of the Peace also moved to discourage night hunting of deer, which shows a seasonal rise this time of the year when the whitetails begin reappearing after the procreation period.

Several \$100 fines plus costs were assessed. Three Beeville men caught by game wardens while trying for some pre-season venison paid fines totaling more than \$200, in addition to court costs.

Cases filed included a Llano man who was fined \$125 for using a wire trap to take fish and having more than the limit; a Houston man fined \$25 for running deer with dogs; a Pampa man and a Kingsville man each fined \$50 for hunting wild turkey in closed season.

It cost a Lake Dallas man \$25 for shooting fish with a rifle. The same penalty was assessed against a Longview man for killing a dove out of season and against a Jayton man for killing a quail.

The monthly bag of persons fishing without a proper license was 118. Usual fine for this charge was \$10 plus costs.

MRS. THOMAS FOSTER PARKER

Double-Ring, Candlelight Service Read for Lowrey-Parker Friday

In an impressive ceremony Friday evening, August 25, at the First Methodist Church, Faye Yvonne Lowrey became the bride of James Foster Parker. Rev. Doyle Ragle, pastor, read the double-ring ceremony. Parents of the bride are Mr. and Mrs. R. F. Lowrey, Rt. 2, Canyon, and the bridegroom is the son of Mr. and Mrs. J. O. Parker, 1601 8th Ave.

Mrs. Lee Foster, organist, played "Rinaldo" by Handel, Adagio from "F. Sonata" by Mendelssohn, "When thou Art Near" by Bach, "Ave Verum" by Mozart, "Cavalleria Rusticana" Intermezzo, by Mascagni and "Clair de Lune" by Debussy. Miss Debra McDonald sang "Ave Maria," "Because" and "The Wedding Prayer."

Featured in the decorative setting were altar arrangements of

white pompons and candelabra, backed by an archway of woodwardia, jade and emerald foliage. Bouquets of white delphinium and orchid chrysanthemums and candelabra flanked the satin draped altar. The bridal aisle was marked with tapers tied with satin streamers.

Maid of honor was Virginia Leake, and matron of honor was Mrs. E. J. McCart Jr. Bridesmaids were Janis Wright, Nancy Tomlinson, Judy Ann Parker and Mrs. Pat L. Northcutt.

They wore identical orchid dresses of pure silk, styled with sweetheart necklines, fitted bodices and formal length skirts. Their headdresses were of orchid net with pearl and rhinestone trim. They carried cascade bouquets of white carnations.

Ring bearer was Ronnie Woods, and Connie Lockner was flower girl. Candlelighters were Joseph Robert McCart and Phillip Lee Parker.

Serving as best man was Jack McCormick. Groomsmen and ushers were Buddy Lowrey, the bride's brother, Jerry Parker, the bridegroom's brother, Larry Morris, Glen Wallace and Chan Foster.

Given in marriage by her father, the bride was attired in a white princess style gown, fashioned with a fitted bodice, lace inserts around the neckline and long tapered sleeves. The bouffant formal length skirt swept into a cathedral train. Her full length veil of handmade rose point lace fell from a tiara, encrusted with seed pearls. She carried a Rainbow Bible topped with a cascade bouquet of white orchids surrounded by lilies-of-the-valley.

Her mother, Mrs. Lowrey, wore an orchid taffeta silk dress with silver accessories and a white orchid corsage. Mrs. Parker, the bridegroom's mother, wore a blue two-piece dress of Italian silk, black accessories and a corsage of white orchids.

At the reception given in the church, the bride's table was centered with a bouquet of white butterfly roses, stock and carnations. Jade, emerald and salal foliage were used as background

decorations throughout the hall.

Presiding at the table were Mrs. Don Woods, Mrs. D. T. Northcutt and Mrs. Hosea Foster. Charlotte Crain registered the guests. Piano selections were played by Diane Prichard. Members of the house party were Mrs. Iverson Leake, Mrs. Floyd Tomlinson, Mrs. E. H. Wright, Mrs. Guy Hamblen, Wanda Rogers, Ann Moore, Nancy Root, Barbara Bacon, Florence Clement and Theresa Mickey.

For the wedding trip to New Mexico and Colorado, the bride chose a raw silk suit of black brown tone, black velvet accessories and a white orchid corsage. After Sept. 15, the couple will be at home at 4606 Belton in Lubbock, where they will attend Texas Technological College.

Mrs. Parker is a 1956 graduate of Canyon High School. After his graduation from Canyon High

I GIVE YOU TEXAS By BOYCE HOUSE

The most wonderful sight I ever saw was the St. Louis World's Fair in 1904. I was quite young but so vivid were the impressions that many are still recalled.

It was there that I took my first automobile ride—in a sight-seeing car around the fair grounds. I tested grape juice there for the first time—also orange juice. Theodore Roosevelt was president then and there was a statue of him—in butter. I visited many State buildings, filled with exhibits—(usually the building was a replica of the Capitol of the State) and I marveled at the huge ferris wheel—instead of a little swinging seat holding two riders, there were compartments that looked almost as big as box-cars.

Then there was a clock, flat on the ground, with huge hands, and

SOIL CONSERVATION DISTRICT NEWS

Now is the time for farmers to start thinking about planting a cover crop on the land to keep it from blowing next year.

Austrian winter peas are a winter annual legume, adapted to all cultivated soils in the Randall-Potter Soil Conservation District. Time of planting should be between July 1 and Oct. 31. Seeding rate is between 12 and 15 pounds per acre. Seed should be planted about two inches deep.

When seeding alone use regular grain drill. When seeding in growing crop use row drill designed to plant two to four rows in each middle. All seed should be inoculated.

In the preparation of the seed bed you should kill the weeds with

the numerals were made of blooming flowers.

We (for, of course, my parents were there) visited an Igorote village. These semi-savages were from the Philippines. (This was not long after the Aguinaldo campaign.) They lived in thatched huts and the men wore almost no clothes. I remember one was gnawing meat off a bone and I had the impression that the meat was raw.

Also we attended a spectacle reproducing scenes of the Boer war, which was only a few years in the past. In the cast were several who had fought in that war. The only action I can specifically recall was a soldier leaping through a window on a horse—a feat actually performed in the war by the man who reenacted.

Another exciting attraction was a Coast Guard demonstration on which a harpoon was fired to get a rope to a "distressed" ship and then the crew members slid to safety in a breeches-buoy.

Then there was a ride in which persons slid down a chute in a boat into a lake.

The sight that etched itself the deepest in my memory was the night scene with the fountains leaping, cascades flowing and huge buildings aglow with many colored lights.

sweeps, disk, or one-way plow, before planting. In growing crops, no seedbed preparation is necessary.

The peas will with adequate moisture produce a good growth and can be grazed some before being turned under for the next crop. The peas will add organic matter and nitrogen to the soil. On irrigated land the peas could be fertilized with a good commercial fertilizer.

Mr. and Mrs. F. V. Brasher spent Sunday in White Deer visiting relatives.

Ruby Reed Wins Bank Day Award

Ruby Reed of Amarillo won the \$55 Canyon Bank Day Award last Saturday.

No award will be given this Saturday because of the first performance of the Palo Duro Indian Ceremonial, Chamber of Commerce Manager Roland Black has announced.

The next drawing will be on Sept. 8.

Dove Prospects Bad; Season Opens Soon

AUSTIN—Mourning dove hunting prospects in Texas seem "rather mediocre" barring scattered areas favored by moisture, according to Howard D. Dodgen, secretary of the Game and Fish Commission.

He said field reports indicate that native birds which comprise the bulk of the present population have been "cut down somewhat" by lack of water and feed.

Dodgen pointed out, however, that where water and feed exist there should be "pretty good hunting" for the north zone opening at noon Saturday, Sept. 1.

Mrs. Helen Vaughan from Mangum, Okla., visited four days last week with her daughter and family, the Bill Brundiges.

Mr. and Mrs. Ray Hawkins and family spent the weekend in El Paso visiting their son, Allen Ray, who is stationed at Ft. Bliss.

Buffalo Football Practice Opens Hopeful Season Saturday Morning

With the exception of end position, West Texas State will have both experience and depth this fall and is expected to field its strongest representative since 1950.

Thirty lettermen will be on hand Saturday when 70 gridders report for the Buffaloes' first fall practice session. Coach Frank Kimbrough will put the Buffs through their paces twice daily until the opening game with University of Corpus Christi at Canyon, Saturday, Sept. 15.

Kicking off his tenth season at West Texas, Coach Kimbrough has his most experienced squad since that illustrious '50 team won the Border Conference championship and Sun Bowl.

The Buffs look exceptionally strong up the middle. Last season's top three centers—seniors Doug Higgins, Springlake, and Tommy Powell, Munday, and junior Clarence Whittenberg, Wheeler—are back. Starting tackles Philip Wright, Borger, and James Kauffman, Levelland, return and have able replacements in Harold Lamb and Harold Gouge, both of Borger. Wright was named to the NAIA All-American first team in 1955.

The Herd may have the two best guards in the conference in senior Joe Brooks, 200-pound ex-Silverton back, and sophomore Jerry Epps, a 210-pound Amarillo boy who played sensationally after taking over a starting berth at the end of his freshman campaign last fall. Brooks was placed on Williamson's mid-bracket All-American first team last fall.

One starter will be back at end. Bob Covington, another Borger product, will return for his senior season but after that the Buffs lack size and depth at the position. Other boys likely to play a lot are Ken Ballard, Stinnett; Loyd Reynolds, Borger; and Tommy Coffey, McAdoo.

Quarterback chores appear to be in capable hands with Hillman back for a last fling. The Borger triple-threat man has been respected by the opposition since his freshman days.

Several experienced halfbacks are available. Team captain Dave Corley, a 165-pound buzz-saw and fleet-footed Ronnie Mills, fastest man on the squad, appear to be good bets to start but they will be hard pressed by such standouts as Mark Clapp, Borger; Dale Wiley, Phillips; Don Beck, Canyon, and Fred Dawson, Stinnett. Bob Ratliff, a 200-pound crusher who made all-Border Conference on defense as a freshman, is returning from the service and will be difficult to keep out when he becomes eligible in the fourth game, Oct. 13.

Rugged Charlie Sanders, 185-pound junior who starred at halfback last year, will be moved to fullback, where he should be among the best in the conference. Ready replacements for the ex-Gruver flash include R. L. Rhoten, Littlefield; Archie Souther, Olton, and R. A. Burgess, Canyon.

West Texas will have nine starters back from the 1955 team that was stronger than its 4-4-1 record indicates. All-Conference halfback, Joe Walden, who later was invited

to compete in the East-West Shrine game in San Francisco, and end Dub Cleveland, all-conference second team, were two of only four squad members lost by graduation.

Working Children May Be Exemptions

Under a law passed by Congress in 1954, parents of children who earn \$600 or more during the year may claim their children as exemptions for Federal income tax purposes.

If the child is under 19 at the end of the year, or if the child is a full time student, and the parent contributes at least one-half of the child's support, the exemption may be claimed, according to James Z. Pearce, administrative officer of the Amarillo office of the Internal Revenue Service.

If the exemption is claimed and the claim is upheld, the child will receive refunds in whole or part of income taxes withheld from his wages during his employment. Questions regarding individual cases should be referred to the Amarillo office, according to Pearce.

Just One Left

Two rival actresses were discussing the many roles they had played.

"Since I've been on the screen," one remarked, "I've had to change the color of my hair eight times to fit my various parts. But I've finally put my foot down at the studio. Hereafter they can cast me as a brunette or not at all."

"I know just what you mean," purred the other, "If I were your species I'd try to avoid dyeing the ninth time, too."
